Timekeeping is affected by traffic congestion in Faro especially at rush hours. The buses make a circuit of Faro and they are not allowed sufficient time. The **1600 and 1715** buses from Faro to Albufeira are notorious in this respect (from personal experience) and are usually 15 - 20 minutes late by the time they get to Loulé. They are also VERY overcrowded on schooldays - you will literally have to fight your way on board at Loulé. You have been warned!

A - this stop is on the N125 at the roundabout; Boliqueime village is about 1/2 mile (0.8km) away.

B - there are other buses between Loulé and Quatro Estradas- click [here](#) for times

C - this stop is on the Estrada Vale das Pedras to the north of the Montechoro Hotel

D - the stop is on the 'bypass' about 300 metres from the village. E - Albufeira bus terminal is 1 mile / 1.6km from the old town and beaches. Taxis and local buses available

BUS STOPS IN LOULÉ

Loulé has a fun one-way traffic system and the buses stop at different places inbound and outbound. If you are heading for the Saturday outdoor market, get off at the top end of Rua Serpa Pinto, a narrow street as you enter the town centre. On their way back to Albufeira they stop nearby at the school in Rua Prof. Carlos Ramos, which is about 100 metres from the Largo São. Francisco at the bottom end of town. Look for the sign "Escolas". The latter stop will save you a walk.
